

Datasheet for ABIN5722594

**Mouse CLDN9 ORF Clone in Cloning Vector**

## Overview

|              |                   |
|--------------|-------------------|
| Quantity:    | 1 µg              |
| Gene:        | Claudin 9 (CLDN9) |
| Species:     | Mouse             |
| Insert:      | ORF               |
| Vector:      | Cloning Vector    |
| Application: | Cloning (Clon)    |

## Product Details

|                       |                                                                          |
|-----------------------|--------------------------------------------------------------------------|
| Purpose:              | ORF Cloning-Vector holds the gene between an AflII and EcoRV cut site.   |
| Insert Length:        | 654 bp                                                                   |
| Vector Backbone:      | pORF                                                                     |
| Bacterial Resistance: | Spectinomycin                                                            |
| Expression Type:      | Transient                                                                |
| Sequencing Primer:    | M13 FP: 5'-CCCAGTCACGACGTTGTAAAACG-3'<br>M13 RP: 5'-CAGGAAACAGCTATGAC-3' |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Gene:             | Claudin 9 (CLDN9)                        |
| Alternative Name: | Cldn9 ( <a href="#">CLDN9 Products</a> ) |
| NCBI Accession:   | <a href="#">NM_020293</a>                |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
|--------------------|--------------------------------------------------------------------|

## Application Details

---

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Buffer: 10 mM Tris-HCl, 1 mM EDTA, pH 8.0

Storage: -20 °C

Storage Comment: 1 year when stored at -20°C or lower in a non-frost free freezer.

## Publications

---
