

Datasheet for ABIN5730573  
**Human UGT1A7 ORF Clone in Cloning Vector**

Overview

|              |                |
|--------------|----------------|
| Quantity:    | 1 µg           |
| Gene:        | UGT1A7         |
| Species:     | Human          |
| Insert:      | ORF            |
| Vector:      | Cloning Vector |
| Application: | Cloning (Clon) |

Product Details

|                       |                                                                          |
|-----------------------|--------------------------------------------------------------------------|
| Purpose:              | ORF Cloning-Vector holds the gene between an AflII and EcoRV cut site.   |
| Insert Length:        | 474 bp                                                                   |
| Vector Backbone:      | pORF                                                                     |
| Bacterial Resistance: | Spectinomycin                                                            |
| Expression Type:      | Transient                                                                |
| Sequencing Primer:    | M13 FP: 5'-CCCAGTCACGACGTTGTAAAACG-3'<br>M13 RP: 5'-CAGGAAACAGCTATGAC-3' |

Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Gene:             | UGT1A7                                     |
| Alternative Name: | ugT1A7 ( <a href="#">UGT1A7 Products</a> ) |
| NCBI Accession:   | <a href="#">NM_019077</a>                  |

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
|--------------------|--------------------------------------------------------------------|

## Application Details

---

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Buffer: 10 mM Tris-HCl, 1 mM EDTA, pH 8.0

Storage: -20 °C

Storage Comment: 1 year when stored at -20°C or lower in a non-frost free freezer.

## Publications

---
