

Datasheet for ABIN5743252  
**Human ZNF296 ORF Clone in Cloning Vector**

Overview

|              |                                  |
|--------------|----------------------------------|
| Quantity:    | 1 µg                             |
| Gene:        | Zinc Finger Protein 296 (ZNF296) |
| Species:     | Human                            |
| Insert:      | ORF                              |
| Vector:      | Cloning Vector                   |
| Application: | Cloning (Clon)                   |

Product Details

|                       |                                                                          |
|-----------------------|--------------------------------------------------------------------------|
| Purpose:              | ORF Cloning-Vector holds the gene between an AflII and EcoRV cut site.   |
| Insert Length:        | 1428 bp                                                                  |
| Vector Backbone:      | pORF                                                                     |
| Bacterial Resistance: | Spectinomycin                                                            |
| Expression Type:      | Transient                                                                |
| Sequencing Primer:    | M13 FP: 5'-CCCAGTCACGACGTTGTAAAACG-3'<br>M13 RP: 5'-CAGGAAACAGCTATGAC-3' |

Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Gene:             | Zinc Finger Protein 296 (ZNF296)           |
| Alternative Name: | ZNF296 ( <a href="#">ZNF296 Products</a> ) |

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

---

|                  |                                                                   |
|------------------|-------------------------------------------------------------------|
| Format:          | Liquid                                                            |
| Buffer:          | 10 mM Tris-HCl, 1 mM EDTA, pH 8.0                                 |
| Storage:         | -20 °C                                                            |
| Storage Comment: | 1 year when stored at -20°C or lower in a non-frost free freezer. |
